

INTERIOR DESIGN - KITCHEN AND BATH

Overview

Interior Design - Kitchen and Bath Associate of Applied Science Degree

Program Code: 10-304-3

For more information: wctc.edu/kitchen-bath

Learn to create aesthetically pleasing, environmentally focused kitchen and bath spaces. Gain foundational design skills and a specialized understanding of kitchen and bath features. Build expertise in cabinetry, fixtures, appliances, and electrical and plumbing solutions. Learn to work with architects and builders, specifying materials and producing floor and lighting plans.

The minimum required course grades and program grade point average (GPA) for students under this catalog are:

Core Courses = C

General Studies Courses = C-

Program GPA = 2.0

Learning Outcomes

Program Outcomes

1. Integrate the codes and standards that impact the interior environment.
2. Model professional practices of the Interior Design industry.
3. Validate the design process.
4. Evaluate design decisions within the parameters of the built environment.

Critical Life Skills

To help our students prepare for success in a workplace and society that is increasingly global, multi-cultural, and collaborative, all students are given opportunities to develop and demonstrate Critical Life Skills, both in and out of the classroom. The following Critical Life Skills are learning outcomes for WCTC students.

- **Communication:** Demonstrate appropriate communication.
- **Critical Thinking/Problem Solving:** Demonstrate critical thinking skills to analyze situations and solve problems.
- **Relationships:** Demonstrate effective interpersonal skills.
- **Self-management:** Demonstrate responsible and respectful behavior.

Required Courses

Code	Title	Credits
