

# PYTHON PROGRAMMING

---

## Overview

### Python Programming Technical Certificate

**Program Code: 40-152-CE**

Python is one of the most popular general-purpose programming languages. It is a great language to add to your list of existing programming languages or a great place to begin learning programming.

The Python Certificate consists of four 1-credit courses for a total of 64 hours of instruction. Students begin with Python, move to Advanced Python and finish with Python in Game Design and IoT Development. These courses are quick, fun and a great way to expand your knowledge.

**The minimum required course grades and program grade point average (GPA) for students under this catalog are:**

*Core Courses = C*

*Program GPA = 2.0*

## Required Courses
