WELDING APPRENTICESHIP

Overview

Welding Apprenticeship

Program Code: 50-442-1

For more information: edu/welding-appr (https://www.wctc.edu/academics/programs-courses/programs/welding/)

Welders work in a wide variety of industries – from automobile manufacturing, shipbuilding, aerospace and many others. Their duties include joining metal parts by fusing them together and creating a permanent bond using different welding techniques. Receive high-quality, hands-on classroom instruction that complements on-the-job apprenticeship training critical for success in the industrial trades.

The minimum required course grades and program grade point average (GPA) for students under this catalog are:

Core Courses = C Program GPA = 2.0

Additional details regarding apprenticeship:

- Obtain further information about apprenticeship programs by visiting the State's Department of Workforce Development website: https:// dwd.wisconsin.gov/apprenticeship (https://dwd.wisconsin.gov/ apprenticeship/)
- · Secure employment as a State of Wisconsin Indentured Apprentice.
- WCTC will send the schedule to the student; application to WCTC is not necessary by the student.

Learning Outcomes Program Outcomes

- Adhere to welding and fabrication health & safety rules, regulations, and training covered by employers.
- 2. Interpret technical drawings.
- 3. Weld metals following prescribed techniques and industry standards.
- 4. Produce precision fabricated parts and assemblies according to specifications.
- 5. Perform advanced cutting processes.
- 6. Apply principles of metallurgy to welding and fabrication operations.
- 7. Perform visual inspection of welds, parts, and assemblies.
- 8. Perform basic forming processes.
- 9. Perform job set-up operations in order to control distortion.
- Apply manufacturing principles to welding and fabrication work processes.

Critical Life Skills

To help our students prepare for success in a workplace and society that is **increasingly global, multicultural and collaborative**, we provide curricular and co-curricular opportunities to develop critical life skills. WCTC is committed to teaching all students the following skills:

- · Communication: Demonstrate appropriate communication.
- Critical Thinking/Problem Solving: Demonstrate critical thinking skills to analyze situations and solve problems.

- · Relationships: Demonstrate effective interpersonal skills.
- · Self-management: Demonstrate responsible and respectful behavior.
